As a part of C-CUBE activities we had conducted **Teacher's day celebration 2K22** on the 5th of September 2022 for the faculty members of the department. The event took place at the Pimpri Chinchwad College of Engineering and Research, Ravet.

The function was initiated by greeting the Principal, HOD's of all departments and the faculty members of the department by offering roses to them. Lighting of the lamp followed by a prayer to goddess Saraswati marked the beginning of the event. After that the audience were entertained by a dance performance of Khushi Rohra and Sakshi Dagale.

Games were arranged by the students for all teachers which were funny and amazing. These included scribble on head, movie guessing and musical chairs. Also all teachers participated enthusiastically in all games and enjoyed themselves. Later, a formal introduction was given about "Teacher's day" along with a presentation by Pushkar Sarada and Manasi Velhal which highlighted the importance of the day and the relation between a student and a teacher. After the presentation, HOD ma'am was requested to share the memories of the pictures displayed of the staff. The Principal Sir delighted us with his presence.

The function was enlightened by a melodious song by Parnika Bansod followed by a duet by Komal and Kajal Shingavi. Another dance performance brought new charm to the program. The games for teachers were resumed again and everyone felt alive! A cake cutting ceremony signed the sweet and happy ending of the event. Last but not the least, all student organizers were thanked by Trupti Kherde ma'am on behalf of all teachers of the department.

The event was coordinated by Mrs. Madhuri Kumbhar, Mrs. Trupti Kherde and C-Cube members.
